Mrs. Joan Armstrong (3HW11)
U.S. Environmental Protection Agency
841 Chestnut Building
Philadelphia, Pennsylvania 19107

**RE: Standard Chlorine Superfund Site
Delaware City, Delaware**

Dear Mrs. Armstrong:

This will confirm our August 12, 1993, telephone conversation in which you agreed to discuss with Mrs. Sarah P. Keating the issue of granting Texaco Refining and Marketing Inc. (TRMI) a thirty day extension in which to respond to the Environmental Protection Agency's (EPA) information request of July 23, 1993. You stated that unless TRMI receives written notification from the EPA advising otherwise, our request for a thirty day (30) extension is approved. Therefore, TRMI will have until September 11, 1993, in which to provide a response.

In the interim, you have requested a narrative concerning when TRMI acquired the real property located at Governor Lea Road, Delaware City, Delaware. As I stated during our telephone conversation, TRMI will limit its response to property which is located immediately adjacent to the Standard Chlorine property which the EPA has identified as a Superfund Site. TRMI has owned the property on Governor Lea Road in Delaware City, Delaware from 1985 until January 1, 1989, when it was subsequently transferred to Star Enterprise.

Should you have any questions please feel free to contact me.

Sincerely,

PIERRE ESPEJO
